### **Tom Wright – Director of Teechers**

“I’m really excited to be coming back to the Gala, I loved directing Two there that we did back in October last year, we had a really great time! It’s a lovely space.”

“Teechers is about three students who put on a play, where they play all the teachers and the other students in their school and, it’s about the difference their drama teacher made to their lives because he was the first person who really believed in them, and listened to them and gave them a voice and, how eventually he gets driven out of the school because people don’t really value drama and the impact it has.”

“People who come to the show can expect a really fun night out! It’s three actors playing eighteen different characters, changing at great speed so different voices and physicality’s and also alot of fun, comedy and alot of energy and also quite a moving story by the end.”
