I engaged with the Economic development team of County Durham in order to relocate to my home town of Stanley, County Durham from York.

I found the team to be extremely helpful and very useful in trying to find and develop a really outstanding office accommodation.

There is one area of the...that council have supported me, which has been in the recruitment of apprentices for my business. This has not only assisted in the local jobs market but it's also assisted in my growth of my own company.

[Video still with a Durham County Council logo at the top, middle. Underneath the logo text which reads:
