[Text: Libraries for you have your say.]

Hello from County Durham libraries. Just want to talk to you today about libraries for you, how you get involved, and how you can have your say.

[Text: Why are we doing this?]

We are doing this because we know that libraries are important. We know there has been lots of changes in recent years with digital provision. We want to find what people in County Durham want from our library service.

[Text: Where can I get a paper survey?]

If you can't do the survey online you can pick up a paper copy at one of our libraries, you can take it home, complete it and then drop it back the next time you visit.

[Text: What if I need help filling the form in?]

If you need help to fill in the online questionnaire there is a telephone number that you can phone. Somebody will talk through the questionnaire with you, and it will be completed there and then.

[Text: What happens next?]

The feedback we receive will be assessed to determine the priorities for our library service in the future. Thank you very much for taking part.
